-
- Under no condition may IS 693R be used for a course that is regularly scheduled during the year.
 - This course may not be used for any kind of paid work.
 - This course may not be taken for elective credit more than once without specific approval from the Information Systems Department Chair.
 - **This form does not register you for the class. After approval, you will be given a Permission-to-Add code to add the course.**

This form must be completed and submitted to the Information Systems Academic Advisor, 789 TNRB, by the add/drop deadline for the current semester.
